Political forces in France and Great Britain - Wikipedia
The French and British empires were the successor to the Polish forces formed in France and the United Kingdom during World War II. The core of the Polish air units fighting alongside the allies were experienced veterans of the 1918 victories of Poland (they contributed to the Allied victory in the Battle of Britain and Allied air operations during the war.

Digital History
The Political Crisis of the 1840s The Gold Rush Conclusion. In the decades before the Civil War, northern and southern development followed increasingly different paths. By 1860, the North contained 50 percent more people than the South. It was more urbanized and attracted many more European immigrants.

The Political Crisis of the 1840s

Political forces in France and Great Britain - Wikipedia
Political economy is the study of production and trade and their relations with law, custom and government; and with the distribution of national income and wealth. As a discipline, political economy originated in moral philosophy, in the 18th century, to explore the administration of states' wealth, with the word "polity" signifying the Greek word polity and "economy" signifying the Greek word oikonomia. The two words were originally used in these senses, and the term political economy was coined in the 19th century to signify the study of states, nations, and the international economy. Political and Economic Changes during the American Revolution
During the American Revolution, the American colonists fought for independence from Great Britain, which led to the establishment of the United States of America. The Revolution brought about significant changes in the political, economic, and social landscape of the country, including the end of British rule and the establishment of a new government. The Revolution was also a catalyst for a number of ongoing changes, such as the end of slavery and the establishment of a new legal system. The American Revolution was a defining event in the history of the United States, and its impact continues to be felt today.
