PRESS RELEASE

Burt-Watts Creates New Fast Casual Sushi Restaurant *New Restaurant Concept Launches in Austin*

AUSTIN, TX September 17— Burt-Watts Industries, Inc., a leading Austin-based commercial general contracting firm, was selected to provide general contracting and construction management services for the finish-out of Maki’s new 2,700-square-foot restaurant at the Arbor Walk Shopping Center, 10515 N. Mopac Expy, Suite A165, Austin, Texas.

Maki, Austin’s first fast-casual sushi bar, opened its doors on October 27.

“Our goal is to create an inviting, fun and fast experience for the sushi connoisseur. At Maki patrons can create their own rolls with the freshest ingredients designed to appease the most discerning sushi pallets, without the long wait or pretension of a typical sushi restaurant,” said Yuen Yung, partner, Maki. “Burt-Watts worked with us to create an inviting and highly functional restaurant space. They ensured our restaurant was delivered according to our vision and timeframe.”

At Maki rolls are made fresh to diners’ specifications. Patrons can choose their own selection of ingredients, including seafood, vegetables and sauces. The fast-casual restaurant seeks to provide an alternative to time consuming high-end restaurants or pre-packaged sushi dinners.

Noack-Little Architects and Interiors served as the architect and designer on the project.
