**Secrets of Tibet** - Jason Williams - 2013-12
An Unknown Land of Mythos and Mystery TIBET is a common term used in the western world to refer to a remote plateau situated north of the Himalayan mountain range in Asia. A land of high-altitude peaks, some areas are impossible to reach without modern technology. The land is populated with malevolent gods and monsters, and deep secrets lie sleeping in ancient tombs and vaults among Tibet’s soaring mountains and deep valleys. Geologists determined that millions of years ago, the Himalayan mountain range lay at the bottom of the ocean. The gradual movement of Earth’s tectonic plates raised this region so that it now contains many of the highest points above sea level on the planet. The Himalayas cover a vast area that, some whisper, overlaps the Dreamlands and the terror-shrouded mountainous area between the Cold Waste and the dreaded Plateau of Leng. Secrets of Tibet details information about everyday life in this mysterious and unique country, from the early twentieth century through to more modern times, along with horrific underlying truths. Tibetan demons are remnants of races that came to Earth from the stars millions of years ago. They dwell in hidden places, are served by loyal minions, and are protected by ancient dark cults that span the globe. They slumber until a time when the stars align, and their awakening shall herald the end of the world as we know it. Over millennia or even centuries, to observe what has been happening in the world. Others are dreamers with lesser abilities, but in their slumber they influence the cold mountain areas of Tibet. Combined, their powers have thinned the barriers between the Waking World, Earth’s Dreamlands, and other worlds and dimensions of space and time. Included within these pages are a history of Tibet, chapters detailing its culture and religion, a bestiary of Tibetan gods and monsters, a guide to the Forbidden City of Lhasa including maps, and three scenarios that will take investigators to the Tibetan plateau and beyond.

Demystifying Tibet - Lee Feigon - 2000
An accessible and concise one-volume complete history of Tibet from the seventh-century origins of the Tibetan state to the Chinese colony of today. Historian and China expert Lee Feigon cuts through the romanticism that surrounds the Shangri-La of Western fantasy - at a time when Tibet is in danger of losing its cultural identity under Chinese rule. Feigon chronicles Tibet's history and society from the seventh-century origins of the Tibetan state through Mongol and Manchu rule in China and the advent of Western imperialism to that of Communist China - and the achievements of Tibetan secular and religious leaders down to the Great Fourteenth Dalai Lama of today.

Tibet - Michel Peissel - 2002
Examines the spiritual aspects of Tibetan life, the country's history, and such topics as the Chinese takeover, the region's unique natural life, and the persistence of Tibetan culture in Bhutan, Ladakh, and other neighboring areas.

Magic and Mystery in Tibet - Madame Alexandra David-Neel - 2012-04-27
A practicing Buddhist and Oriental linguist recounts supernatural events she witnessed in Tibet during the 1920s. Intelligent and witty, she describes the fantastic effects of meditation and shamanic magic — levitation, telepathy, more. 32 photographs.

Secrets of Tibet. Being the Chronicle of the Tucci Scientific Expedition to Western Tibet, 1933 Translated by Mary A. Johnstone. [With Plates and Maps]. - Giuseppe Tucci - 1935

To Lhasa in Disguise - William Montgomery McGovern - 1924
William Montgomery McGovern was an American adventurer, anthropologist and journalist. He was possibly an inspiration for the character of Indiana Jones. McGovern claims he had to sneak into the Tibet disguised as a local porter. As Time reported in 1938: With a few Tibetan servants, he climbed through the wild, snowy passes of the Himalayas. There, in the bitter cold, he stood naked while a companion covered his body with brown stain, squirted lemon juice into his blue eyes to darken them. Thus disguised as a coolie, he arrived in the Forbidden City without being detected, but disclosed himself to the civilian officials. A fanatical mob led by Buddhist monks stoned his house. Bill McGovern slipped out through a back door and joined the mob in throwing stones. The civil government took him into protective custody, finally sent him back to India with an escort.--Wikipedia.

Visions of Tibet - Thomas F. Yarnall - 2005
Taken over fifteen years of travel, Kistler's photographs are an homage to moments, people, and places that reveal modern Tibet as never seen before.

Soviet Russia and Tibet - Alexandre Andreyev - 2003-01-01
"Soviet Russia and Tibet" surveys for the first time the entire history of religious and political relations between Russia and Tibet, from the 17th to the late 20th century, focusing on Soviet attempts to win Lhasa over in the 1920s.

Secret Lives of the Dalai Lama - Alexander Norman - 2010-02-16
The Complete Story of the Dalai Lamas His Holiness the Fourteenth Dalai Lama is known to the world for his efforts to preserve Tibetan culture and for his inspiring spiritual teachings. Often unnoticed, however, is the long, colorful history from which this most beloved of holy men has emerged. In Secret Lives of the Dalai Lama, Alexander Norman tells this story in full for the first time, from Tibetan Buddhism’s foundational narratives to the present-day crisis faced by Tibet. And what a story it is. Along with dedicated monks selflessly serving the Tibetan people, among His Holiness’s spiritual forebears there are a Dalai Lama who waged wars, a womanizing and inebriated poet, and several who wound up dead following disputes over temporal power. Also, while Western practitioners focus on Tibetan Buddhism’s liberating vision of enlightenment, it simultaneously contains ritual practices of prophecy and magic, as well as a vivid pantheon of deities and demons. In the end, although Tibet falls short of the Western myths of a Himalayan utopia, by illuminating the historical struggle toward compassion and selflessness embodied in the Dalai Lama lineage, Secret Lives of the Dalai Lama ultimately reveals a reality that is vastly more compelling than any romance of “Shangri-La” and provides deeper reasons for admiring Tibetan tradition.

Into Tibet - Thomas Laird - 2007-12-01
A “fascinating” story of espionage that “fills a blank space in the hidden history of the Cold War” (The Houston Chronicle). Into Tibet is the incredible story of a 1949-1950 American undercover expedition led by America’s first atomic agent, Douglas S. Mackiernan—a covert attempt to arm the Tibetans and to recognize Tibet’s independence months before China invaded. A Nepal-based American journalist reveals how the clash between the State Department and the CIA, as well as unguided actions by field agents, hastened the Chinese invasion of Tibet. A gripping narrative of survival, courage, and intrigue among the nomads, princes, and warring armies of inner Asia, Into Tibet rewrites the accepted history behind the Chinese invasion of Tibet. “A gripping tale.” —The Washington Post

Spies and Commandos - Kenneth J. Conboy - 2000
Complete operational account of the dangerous and deadly missions that made up a disastrous covert operation in which US commandos went behind enemy lines and were captured, killed, or returned with false information.

**Apparitions of the Self** - Janet Gyatso - 2020-11-10

Apparitions of the Self is a groundbreaking investigation into what is known in Tibet as "secret autobiography," an exceptional, rarely studied literary genre that presents a personal exploration of intimate religious experiences. In this volume, Janet Gyatso translates and studies the outstanding pair of secret autobiographies by the famed Tibetan Buddhist visionary, Jigme Lingpa (1730-1798), whose poetic and self-conscious writings are as much about the nature of his own identity, memory, and the undecidabilities of autobiographical truth as they are narrations of the actual content of his experiences. Their translation in this book marks the first time that works of this sort have been translated in a Western language. Gyatso is among the first to consider Tibetan literature from a comparative perspective, examining the surprising fit—as well as the misfit—of Western literary theory with Tibetan autobiography. She examines the intriguing questions of why Tibetan Buddhists produced so many autobiographies (far more than other Asian Buddhists) and how autobiographical self-assertion is possible even while Buddhists believe that the self is ultimately an illusion. Also explored are Jigme Lingpa’s historical milieu, his revelatory visions of the ancient Tibetan dynasty, and his meditative practices of personal cultivation. The book concludes with a study of the subversive female figure of the "Dakini" in Jigme Lingpa’s writings, and the implications of her gender, her sexuality, and her unsettling discourse for the autobiographical subject in Tibet.

**The Secret Art of Boabom** - Asanaro - 2006-10-05

The success of The Secret Art of Seamm Jasani by Asanaro surprised many who wondered whether a little-known Tibetan movement system would be able to compete with yoga, Spinning classes, and tai chi. After several printings and thousands of Seamm Jasani converts, the secret is out. Seamm Jasani schools have cropped up across the country, thanks to the popularity of Asanaro’s book, and more people than ever are discovering Seamm Jasani. Tibet's Secret Mountain - Chris Bonington - 2020-05-21
For Chris Bonington and Charles Clarke, long-time friends and expedition partners, few mountains were more alluring than Sepu Kangri. Known locally as ‘the Great White Snow God’, Tibet’s nearly 7,000-metre mountain had never before been visited by Westerners. Armed only with a tourist map for reference, the two set off for this elusive peak in 1996. In the reconnaissance and two expeditions that followed, neither of them were expecting to be profoundly impacted by their experiences. However, they not only met their match in Sepu Kangri, but both found their expertise pushed to the limit. While Clarke acted as a travelling doctor, treating myriad ailments encountered along the way, including a life-saving diagnosis of an ectopic pregnancy, Bonington’s love of technology saw him testing out cutting-edge satellite phones and computers, allowing them to communicate with the outside world for the first time on an expedition. Tibet’s Secret Mountain is a story of discovery as much as it is an account of the expeditions, and it is this that sets it apart from other mountaineering memoirs. The focus not only on the climbing itself, but the experiences, people and tensions that accompany it, offers a poignancy that anyone with a love of adventure will identify with. Beautifully written and full of unfailing cheer, Tibet’s Secret Mountain is Bonington and Clarke’s love letter to mountaineering.

**Inner Power** - Christopher Kilham - 1988

**Secret Tibet; with an Introductory Letter by Bernard Berenson** - Fosco Maraini - 1952

**A Tibetan Revolutionary** - Melvyn C. Goldstein - 2006-09-04

"These extraordinary memoirs dictated by a key figure in the history of 20th century Sino-Tibetan relations are essential reading for all interested in understanding this important subject. The founder of the Tibetan Communist Party recalls vividly his personal role in the epic struggle of the Tibetan people over tradition and modernity, and the hopes, betrayals and tragedies that have marked it. The idealism, honesty and courage that have defined his life are in full evidence in this gripping personal narrative."—John L. Holden, President, National Committee on U.S.-China Relations "This is one of the great untold stories of modern Tibet. Phüntso Wangye is a man who has never stopped fighting for his people, and the story of his life is both heartbreaking and inspiring, and essential for understanding what has happened in Tibet since the 1930s. Tibetan history has never before been as exciting to read as it is here."—John Ackerly, President, International Campaign for Tibet

**The CIA's Secret War in Tibet** - Kenneth J. Conboy - 2002

Reveals the American CIA’s role in the Tibetan revolt against China, identifying training camps and clandestine operations while chronicling such secret missions as the Dalai Lama’s passage to India, in a volume that presents details about covert activities from the perspectives of officials, guerrillas, agents, and many others.

**Magic and Mystery in Tibet** - Alexandra David-Neel - 2019-09-26

Alexandra David-Neel was among the first Westerners to extensively explore Tibet. In these memoirs she tells of her encounters there; the people and their culture, and fervently Buddhist society. The author's early years, wherein her enthusiasm for travel and curiosity of faraway cultures grew, are excluded from these pages. Rather we begin with David-Neel's first trip to Tibet, and her initial impressions of the country. The friends she makes, and the various officials and Buddhist priests of varying rank and station, are recounted vividly. As a Western woman, David-Neel did not always encounter friendliness or tranquility in those she met; many were less...
As she was a pioneer in Tibet, it is for these explorations that David-Neel is most remembered. The complex traditions of the Tibetan lamas, and how its people existed upon the high plateau of the Himalayas, fascinated many in Europe. Allowed meetings with religious officials, including the 13th Dalai Lama, it was only after a decade of exploring the Tibetan culture that David-Neel dared to go yet farther by travelling, incognito, to Lhasa - the capital city, forbidden to all foreigners. A classic memoir, known for inspiring the writers and poets of the Beat Generation, Magic and Mystery in Tibet is both biography and a great tale of adventure.

**In Secret Tibet** - Theodore Illion - 1991-10
A reprint of a 1930s travel book. Illion was a German traveller who not only spoke fluent Tibetan, but travelled in disguise through forbidden Tibet when it was off-limits to outsiders. His incredible adventures make this one of the most exciting travel books. Includes illustrations of Tibetan monks levitating stones by acoustics.

**Magic and Mystery in Tibet** - Alexandra David-Neel - 2018-08
First published in France in 1929, Magic and Mystery in Tibet tells the story of the author’s experiences in Tibet, among lamas and magicians. Alexandra David-Neel’s memoir offers an objective account of the supernatural events she witnessed during the 1920s among the mystics and hermits of Tibet—including levitation, telepathy, and the ability to walk on water! She tells of great sages and sorcerers that she met; of the system of monastic education; the great teachers and their disciples; Tibetan folklore about these spiritual athletes; reincarnation and memory from previous lives; elaborate magical rites to obtain enlightenment; the horrible necromantic magic of the pre-Buddhist Bonpa shamas; mental visualization exercises to create disembodied thought forms (tulpas); visions; phenomena of physical yoga, control of the body heat mechanism; breathing exercises; sending "messages on the wind"; and much similar material. An unusual aspect of her book is that she herself experienced many of the phenomena she describes, yet she describes them with precision and in a matter-of-fact manner, permitting the reader to draw his own conclusions about validity, interpretation in terms of psychology, and value. Particularly interesting for the modern experiencer are her detailed instructions for tumo (the yoga of heat control) and creation of thought projections. This deluxe edition has all of the original photographs plus additional photos and maps, as well several introductions. Chapters include: Tibet and the Lamas; A Guest of the Lamas; A Famous Tibetan Monastery; Dealing with Ghosts and Demons, Disciples of Yore and their Contemporary Emulators; Psychic Sports; Mystic Theories and Spiritual Training; Psychic Phenomena in Tibet—How Tibetans Explain Them; more.

The Dream of the Turquoise Bee - Dianne Aigaki - 2012-09-01

In 1959, French photojournalist Girard Pelletier dies while reporting on the Chinese invasion of Tibet. Neither his body nor his notes on Chinese human rights abuses are recovered; his colleagues believe he was murdered. Seventeen years later his wife, Erzebet, receives an official invitation from the Chinese Government to join an educational exchange in the same region where Girard disappeared. She accepts the invitation. She believes she will solve the mystery of her husband’s death. She will find his murderers. While in Tibet, a romance flares between Erzebet and Norbu, a handsome nomad. Under the guise of needing someone to protect Erzebet, the village has sent him to stay in her tent. The villagers have Girard’s missing notes and are trying to determine if she can be trusted to take them back to the West. Meanwhile, Kai Lun, Erzebet’s translator, is an unwilling spy. Police are holding his wife and son hostage until he returns to China with the volatile documents. Kai Lun bullies and browbeats Erzebet, the nomads and local monks in his relentless search to surface the papers and ultimately is forced to confront his own shrinking humanity. What appears to be a scholarly quest evolves into a twisting tale of the police, forbidden romance, dangerous adventures, and personal obsessions played out against the backdrop of the spectacular landscape, exotic people, wildlife and flowers of Tibet.

For nearly a decade, Matteo Pistono smuggled out of Tibet evidence of atrocities by the Chinese government, showing it to the U.S. government, human rights organizations, and anyone who would listen. Yet Pistono did not originally intend to fight for social justice in Tibet—he had gone there as a Buddhist pilgrim. Disillusioned by a career in American politics, he had gone to the Himalayas looking for a simpler way of life. After encountering Buddhism in Nepal, Pistono's quest led him to Tibet and to a meditation master whose spiritual brother is Sogyal Rinpoche, bestselling author of The Tibetan Book of Living and Dying. Pistono not only became the master's student but also couriered messages to him in Tibet from the Dalai Lama in India. This began an extraordinary, and ultimately vital, adventure. In the Shadow of the Buddha is a book about Tibet through the eyes of a devotee—a stranger hiding in plain sight. It's about how a culture's rich spiritual past is slipping away against the force of a tyrannical future. It's about how Tibetans live today, and the tenacity of their faith in the future in spite of dire repression and abuse. It's also about Pistono's own journey from being a frustrated political activist to becoming a practicing Buddhist mystic, a man who traveled thousands of miles and risked his own life to pursue freedom and peace. **Magic and Mystery in Tibet** - Alexandra David-Neel - 2014-05

2014 Reprint of 1932 New York Edition. Full facsimile of the original edition, not reproduced with Optical Recognition Software. Alexandra David-Neel was a Belgian-French explorer, spiritualist, Buddhist, anarchist and writer, most known for her visit to Lhasa, Tibet, in 1924, when it was still forbidden to foreigners. David-Neel wrote over 30 books about Eastern religion, philosophy, and her travels. Her teachings influenced beat writers Jack Kerouac and Allen Ginsberg, philosopher Alan Watts, and esotericist Benjamin Creme. Seeker, adventurer, pilgrim, and scholar, David-Neel (1868-1969) was the first European woman to explore the once-forbidden city of Lhasa. This memoir offers an objective account of the supernatural events she witnessed during the 1920s among the mystics and hermits of Tibet—including levitation, telepathy, and the ability to walk on water. Includes all the photographs from the original edition.

New York Times Book Review NAMED ONE OF
THE BEST BOOKS OF THE YEAR BY Parul
Times Book Review • The Washington Post •
NPR • The Economist • Outside Just as she did
with North Korea, award-winning journalist
Barbara Demick explores one of the most hidden
corners of the world. She tells the story of a
Tibetan town perched eleven thousand feet
above sea level that is one of the most difficult
places in all of China for foreigners to visit.
Ngaba was one of the first places where
the Tibetans and the Chinese Communists
encountered one another. In the 1930s, Mao
Zedong’s Red Army fled into the Tibetan plateau
to escape their adversaries in the Chinese Civil
War. By the time the soldiers reached Ngaba,
they were so hungry that they looted monasteries
and ate religious statues made of flour and
butter—to Tibetans, it was as if they were eating
the Buddha. Their experiences would make
Ngaba one of the engines of Tibetan resistance
decades to come, culminating in shocking
acts of self-immolation. Eat the Buddha spans
decades of modern Tibetan and Chinese history,
as told through the private lives of Demick’s
subjects, among them a princess whose family is
wiped out during the Cultural Revolution, a
young Tibetan nomad who becomes radicalized
in the storied monastery of Kirti, an upwardly
mobile entrepreneur who falls in love with a
Chinese woman, a poet and intellectual who risks
everything to voice his resistance, and a Tibetan
schoolgirl forced to choose at an early age
between her family and the elusive lure of
Chinese money. All of them face the same
dilemma: Do they resist the Chinese, or do they
join them? Do they adhere to Buddhist teachings
of compassion and nonviolence, or do they fight?
Illuminating a culture that has long been
romanticized by Westerners as deeply spiritual
and peaceful, Demick reveals what it is really like
to be a Tibetan in the twenty-first century, trying
to preserve one’s culture, faith, and language
against the depredations of a seemingly
unstoppable, technologically all-seeing
superpower. Her depiction is nuanced,
unvarnished, and at times shocking.

The Secrets of Kashmir, Goa & Tibet - Kodali
Lakshminarayana - 1965

The Secrets of Kashmir, Goa & Tibet - Kodali
Lakshminarayana - 1965
that day and age were somehow unprepared for Evans-Wentz's landmark volume. While it is traditionally used as a mortuary text, to be read or recited in the presence of a dead or dying person, this book—which relates the whole experience of death and rebirth in three intermediate states of being—was originally understood as a guide not only for the dead but also for the living. As a contribution to the science of death and dying—not to mention the belief in life after death, or the belief in rebirth—the Tibetan Book of the Dead is unique among the sacred texts of the world, for its socio-cultural influence in this regard is without comparison. This fourth edition features a new foreword, afterword, and suggested further reading list by Donald S. Lopez, author of Prisoners of Shangri-La: Tibetan Buddhism and the West. Lopez traces the whole history of the late Evans-Wentz's three earlier editions of this book, fully considering the work of contributors to previous editions (C. G. Jung among them), the sections that were added by Evans-Wentz along the way, the questions surrounding the book's translation, and finally the volume's profound importance in engendering both popular and academic interest in the religion and culture of Tibet. Another key theme that Lopez addresses is the changing nature of this book's audience—from the prewar theosophists to the beat poets to the hippies to contemporary exponents of the hospice movement—and what these audiences have found (or sought) in its very old pages.

The Tibetan Book of the Dead - W. Y. Evans-Wentz - 2000-09-28
The Tibetan Book of the Dead is one of the texts that, according to legend, Padma-Sambhava was compelled to hide during his visit to Tibet in the late 8th century. The guru hid his books in stones, lakes, and pillars because the Tibetans of their teachings. Now, in the form of the ever-popular Tibetan Book of the Dead, these teachings are constantly being discovered and rediscovered by Western readers of many different backgrounds—a phenomenon which began in 1927 with Oxford's first edition of Dr. Evans-Wentz's landmark volume. While it is traditionally used as a mortuary text, to be read or recited in the presence of a dead or dying person, this book—which relates the whole experience of death and rebirth in three intermediate states of being—was originally understood as a guide not only for the dead but also for the living. The Secret Oral Teachings in Tibetan Buddhist Sects - Alexandra David-Neel - 1967
This is an account of the Madhyamika (Middle Way) school of Buddhism, a method of mediation and enlightenment that was developed by the great Indian teacher Nagarjuna. In a collaboration between the Frenchwoman Alexandra David-Neel and her friend, the Tibetan lama Aphur Yongden, these teaching are presented clearly and elegantly, intended for the layman who seeks a way to practice and experience the realization of oneness with all existence. Alexandra David-Neel was born in 1868 in Paris. In her youth she wrote an
acclaimed opera singer; then she decided to devote her life to exploration and the study of world religions, including Buddhist philosophy. She traveled extensively to in Central Asia and the Far East, where she learned a number of Asian languages, including Tibetan. In 1914, she met Lama Yongden, who became her adopted son, teacher, and companion. In 1923, at the age of fifty-five, she disguised herself as a pilgrim and journeyed to Tibet, where she was the first European woman to enter Lhasa, which was closed to foreigners at the time. In her late seventies, she settled in the south of France, where she lived until her death at 101 in 1969.

**The Great Exposition of Secret Mantra, Volume One** - The Dalai Lama - 2016-12-27
Tantra in Tibet is the first volume in The Great Exposition of Secret Mantra series in which the Dalai Lama offers illuminating commentary on Tsongkhapa’s seminal text on Buddhist tantra. It is followed by Volume II: Deity Yoga and Volume III: Yoga Tantra. This revised work describes the differences between the Mahayana and Hinayana streams in the sutra tradition, and between the sutra tradition and that of tantra generally. It includes highly practical and compassionate explanations from H.H. the Dalai Lama on tantra for spiritual development; the first part of the classic Great Exposition of Secret Mantra text; and a supplement by Jeffrey Hopkins on the meaning of emptiness, transformation, and the purpose of the four classes of tantra.
