Food Security and Political Stability
Given the strong link between poverty and food insecurity, Asia’s dynamic economic growth—prior to July 1997—was probably a major factor in mitigating food security problems. In contrast, the economic crisis that has spread throughout the region since July 1997 has resulted in greater poverty and has, in many areas, undermined food security.

Pauvreté — Wikipédia
La pauvreté désigne dans une société donnée le fait d’être dans une situation d’infériorité matérielle par rapport aux individus les plus favorisés [1], cela se traduit notamment par des difficultés à subvenir à ses besoins et à ceux de ses proches, mais aussi par une stigmatisation de la part des personnes plus riches [1]. Il n’existe cependant pas de définition complètement
