Abuse - Wikipedia
Abuse is the improper usage or treatment of a thing, often to unfairly or improperly gain benefit. Abuse can come in many forms, such as: physical or verbal maltreatment, injury, assault, violation, rape, unjust practices, crimes, or other types of aggression. To these descriptions, one can also add the Kantian notion of the wrongness of using another human being as means to an end rather than for abusive ...

The law of tort - InBrief.co.uk
The law of tort is defined as a body of rights, obligations and remedies that is applied by courts in civil proceedings to provide relief for individuals or victims (claimant or plaintiff) who have suffered harm from the wrongful acts of others (defendant). Tort should immediately be distinguished from two other kinds of law, notably criminal law and contract law.

Mandatory School Vaccinations: The Role of

What is Tort Law? A “tort” is defined as a “civil ‘wrong’ — other than a breach of contract — that causes injury, for which a victim can get a judicial remedy”[]. This judicial remedy typically entails “requiring the wrongdoer to pay compensatory monetary damages to the victim sufficient to restore the victim to status quo ante — i.e., to the position the victim would have
